

October, 2020

Dear Faithful Friends;

Once again I thank you for your faithfulness to me and to the Lord's work here in Brazil. Your prayers and support have encouraged me each step of the way bringing back to mind our Lord's blessed words, "... I will never leave thee, nor forsake thee." Hebrews 13:5

Since my last letter, I have maintained my split weekly schedule of Sunday evening services in the capital and most of the rest of the week in Nobres, two hours to the north. Services have been very good and our people are excited about a more active church schedule in the coming months. We have had visitors attending and our prayer is that soon they will trust Christ.

Although Thanksgiving is not a national holiday in Brazil, we are focusing on it in November and we are planning a Thanksgiving banquet at the end of the month at the Eldorado Church there in the Capital. The Lord's mercies are new every morning and it does us so much good to cultivate a thankful heart.

Here in Nobres, the Maranatha Baptist Church is getting excited about the coming of their pastor at the end of January. That will free me up to do more work in the Capital. We trust that 2021 will allow us to resume some of the Maranatha Baptist camps and we need to work on planning and preparations for those. Hopefully the first camp will be Family Camp during the Mardi Gras days in February.

In December, I am planning a two week trip back to the US to spend Christmas with my Stateside children there in the Pensacola area. Pray for safety in my travels and for Anna Lee and Bradley as they come down from Michigan. We are planning a visit to Momma Yvette's grave there in Brooklyn Mississippi which should be a special family time. We miss her so much and can only thank the Lord for all He gave us through her life and testimony. Do pray for our family during this Christmas season.

Looking for the Lord's return with a thankful heart. God bless you!

In Christ,

Steven Huestis
