

Greetings friends!:

We've had a bit of winter and spring seems just about ready to blossom. Chris and I , like many of you, are ready to emerge from our winter hibernation. COVID has not influenced the basis of our ministry since we minister by correspondence. However, Greg , as well as many other chaplains, has not been able to visit personally in prisons, hospitals and retirement centers. Greg did take the Kentucky Relief Ministries Chaplaincy course and found it very helpful.

We do miss visiting churches and other partners in ministry but have been able to ZOOM with several. We'd love to ZOOM with you and give an update to you and a general encouragement to missions.. Please let us know when that might be good for you.

Greg has been developing Power Points and videos for use with the Source of Light courses and Source of Light headquarters is online, although in initial stages. It is amazing what a challenge can spark us to do!

- Our son, Bryan is now actively engaged in his Masters in Counseling from Liberty University.
- Our grandson, Robert, is preaching regularly in Michigan
- So many of the churches that we were involved in earlier in their infancy are now online ministry
- God has blessed us with good health and we have been COVID free so far.

Thank you for your prayers and support and if there is anything we can do to help in your missions outreach, please let us know.

In Christ:

**Greg & Chris Miller**
