

Partnering with Duane April 30, 2021

My Dear Partners in Christ,

How I appreciate your regular prayers for this ministry and for me.

A few days ago a lady sat down next to me in our main lounge (lobby?). We chatted and I felt deeper talk was to take place. Her concern was about sins in her past. God had forgiven them; yet, she couldn't forget and let herself be free. Satan was reminding her of the sins. BUT, she had not asked God to stop Satan from plaguing her memory. When she realized it was the devil burdening her, she realized God will stop Satan. Both of us prayed, and her fear was gone. She is now at peace. God is at work.

Covid has changed much. We here are not in full quarantine now. We eat in the dining room by "reservations" so not too many are there at one time.

For me I have had more time in God's Word. I am strengthened by Him. And rejoice in this. Philippians has especially blessed me in this.

Phone calls are my main time for counseling. God knows when "they" will call, and He makes the way open. Pray for me for the right answers. One brother said he just needed to hear another Christian's voice. WOW! This might indicate to you to call some others and encourage them.

Mexico is still in deep Covid difficulties. Pray for our Christians there as they seek to encourage others. I cannot go there yet. My heart feels this.

You may wish to stop getting my letters. Please let me know and I can easily stop. HOW? Email me or call. Phone: 619.654.1932.

As summer comes, I hope Covid will lessen. I am free to go places and I need wisdom as I seek to move out to minister to people. My health is good. I have strength and insight. God, through you all, provides for my finances so I have gas and "go". Thank you. The MGF Conference plans to meet in August in Turlock, CA. If so, I desire to attend .

Sent joyfully to you,

Duane Kepner through MGF. I Thess. 5:24 is my special verse.
