

June 29, 2021

Dear Faithful Friends,

Thank you for standing Faithfully with me these days. I have so much to be thankful for and especially for being back on my feet again after ten days with Covid. On the weekend of the 19th, I started feeling terrible and developed a bad cough. Monday I was tested, and it was positive. I praise the Lord for Leah's loving care and good cooking which I believe shortened this Covid experience. Thank you to all who held me up in prayer. God be Praised! Many of you know that Carlos and Leah just came through Covid. Leah is well but Carlos is still working on strengthening his lungs so do continue to pray for him.

God be praised also for Sister Alcione's health improvements these days. She is the Pastor's wife here in Nobres. She is doing much better and continues her Cancer treatment.

April brought us the opportunity to go back to services in person there in Eldorado and our people were so excited about that. I also started studying the Word with Gustavo twice a week here in Nobres. He is one of our promising preacher boys. He has also been holding services in his home and praying for the salvation of family members. On April the 30th his Aunt Maria, who we have been praying for, trusted Christ as savior. What a special blessing that was.

On June the 7th my fifth Grandchild was born, her name is Claire Grace. The Huestis Family is growing there in the Pensacola area, and we are so thankful for this precious little blessing from the Lord. Pray for Daniel and JoAnna as they seek to be Godly parents and serve the Lord there at Pensacola Christian College. God has blessed me so!

Do pray for Leah and Carlos and for my health these days. The Covid situation here in Brazil fluctuates drastically from month to month. Pray for the Albues Family in our Eldorado Church. The three of them came down with Covid and we even went to services online because they headed up the two children's Sunday School classes. Much to our disappointment, on June the 23rd Brother Antonio went to be with the Lord. His wife Juliana, and daughter Octavia, are still recuperating. Please pray for them.

God bless each of you for your commitment to the Lord's work. What a sight that will be when we finally see the fruit in the presence of the Lord.

In Christ,

Steven Huestis
