

## Wills Update July 2021

We praise the Lord that **Ken's** broken leg is healing. On June 30, he got the cast off and was given a boot to wear for six weeks. He can put weight on his leg now without pain, but walking is a bit difficult since the boot elevates the left foot and affects his balance. We are waiting to hear when he will be starting physical therapy. However, the doctor said it should be within the next couple of weeks. Ken is scheduled to go back to the doctor on August 5 for follow-up to see if it is completely healed. **We would appreciate your continued prayers for healing.**

During Ken's time off work, he was able to type up instructions for Standard Operating Procedures (SOP) for jobs that he is responsible for doing in Maintenance at SLM.

We are thankful that we finally determined the reason for Ken's stomach issues. It seems that eating peanuts was the cause of the problem. He is doing much better now that he has eliminated peanuts from his diet.

We are grateful to all the men who volunteered to build our front porch and ramp. It has been such a big help during this time! We are also grateful that Volunteers have returned to SLM. God sends just the right people at just the right time. God is so good!

**SLM Bolivia, Miguel and Lediz Sanchez**, recently shared that "God allowed me to preach at the wake of the mother of the owner of the house where I live. There were many unbelievers in attendance... I thank God that everyone was grateful to God for His Word. I am thankful to God for the material that we have in stock because I use it in places where the Lord sends me. I am also thankful for my family who are believers and who help me in the ministry." They ask prayer: "that God will give us wisdom to use our limited resources well; that the Lord will allow the lessons in transit to arrive to us without complications and that He provides all the expenses for customs; and that the people who are waiting on lessons will not lose interest while we wait on the lessons to arrive." **Please pray for the Sanchez family. We just received word that Miguel and Lediz both tested positive for the COVID virus.**

In His Service,

Ken and Carla Wills / 1011 Mission Rd., Madison, GA 30650 / [kcwills.com](http://kcwills.com)
