

Dear friends,

Thank you all again for your continued prayer. Abigail is recovering very well. She is back at her apartment and able to drive too! Pray for her as she looks for a new job that won't put too much strain on her back. She is starting physical therapy too.

God continues to give opportunities to share His word and the gospel through the soccer outreach Friday evenings. We have had 14 to 16 guys out each week this summer who are ready to play and listen to God's word. God also keeps bringing opportunities in different ways as well. Through helping folks work on their cars to helping a worker prepare for his and his family's immigration interview. Please pray for him and his family to know Jesus as their Savior. Today I am driving him to the airport so he can be at their consular interview in Mexico.

This weekend we are taking Isabel and Sam to Arrowhead Bible Camp in Pennsylvania where they will be volunteering in kitchen and cleaning duty for the week. This camp has a unique ministry to children and adults with disabilities that would prevent them from attending other camps.

We thank God for His goodness and faithfulness,  
Joe and Nicole
