

My Dear Praying Partners,

As you prayed for me while I was in New York, so God has protected and used me. I am grateful. He guides each MOMENT. My sister, Joy Kepner McGeoch, was with me the entire time.

In brief your prayers covered travels to near Buffalo, New York and back to San Diego, CA for me and travels to Buffalo, NY and back to Green Bay, WI and 100 miles north for Joy. We also had many stops in Niagara County. These included a memorial service for our sister-in-law, Shirley Snell Kepner, reporting to three supporting churches, two family reunions, and visits with families and donors. Thanks very much for your prayers.

Presently here in California, my son-in-law, Dr. Don Morshead, is getting radiation with three more treatments needed. He and Naomi rejoice that he is progressing nicely. He tires easily by late afternoon and then rests. Please pray specifically for a reduction in inflammation and for 100% remission.

The Missionary Gospel Fellowship (MGF) annual conference meets Saturday, July 31 at 4 PM to Tuesday evening, August 3 in Turlock, CA. Pray as I travel (again). I'll visit Naomi and Don, then Jeremiah and Lori and family, MGF Conference, then homeward with whom still unknown. On Saturday, I'll visit Aimee and Paul McAfee and Andy Gailey, Harmony and Jim Medina at Tessie, Lucas and Stiorra Alexander's home in San Diego.

The Mexican government still considers me as "unnecessary" due to covid-19. The Mexican ministry in Baja California proceeds slowly with restrictions on meetings. Pray often for our brethren there. The virus has become stronger in Mexico again, even as it has here in the USA. Ministries have taken new forms, often by the internet. Pray for wise boldness in witnessing for Christ.

My own ministry includes much counseling, often via telephone. The calls come unexpectedly, yet, God is in control. I am well physically and rejoice over His blessing and strength in all situations. Your prayers help daily. Let me know how to pray for you.

Joyfully,

Duane KepnerMGF
