

Dear friends,

Thank you so much for praying for us. From the pandemic over the last couple years to the crisis in Ukraine our world is in need of hope. We praise God that we know the one true Hope and have hope in the midst of all that is going on around us. "May the God of hope fill you with all joy and peace as you trust in Him, so that you may overflow with hope by the power of the Holy Spirit." Romans 15:13.

We praise God that Maria is recovering from her fall. A few months ago we asked you to pray for her after she fell from a ladder during the apple harvest. Over time she has been steadily recovering. At first the doctors said she would probably not be able to return to work. Now after her latest appointment and pending her next test they are saying she may be able to go back to work. What an answer to prayer! Please continue to pray for the salvation of Maria, her husband and children.

Thank you for continuing to pray for the soccer ministry. We started indoor soccer back up as there are more workers returning to the farms after winter. The guys are eager to hear God's word especially with all the turmoil in the world.

Another prayer need is for Miguel who trusted in Jesus and was baptized a few years ago. He is back working trimming grapes at a local vineyard while his family is back in Mexico. His wife, Adriana has breast cancer and is receiving chemotherapy. It is very hard for him to be away from his family and especially his wife during this time. At least once a week God is giving us time to visit and encourage him. Thank you for praying for them.

We thank God for you as you pray for us and the people God has brought us to serve.

With hope in Christ,
Joe and Nicole Wisniewski
