Subject: Yates Baptist Bicentennial Celebration

Greetings to all of you at Yates baptist church.

Our son Roman is half way to a year now and he is growing healthy and strong, we have dedicated him in our local church and he is finally sleeping all night, so praise The Lord for that! my wife Paola started teaching in a new school 2 months ago and she is teaching kids from 13-16 years old.

On ministry side summer and missions work is finally in full swing with COVID restrictions lifting and people traveling again.

One of the young man that I discipled got baptized and it's already starting to serve in ministry. And then we have Josiah my other disciple, he went back to Colorado and he is praying for direction while he wants to serve God doing ministry. God has been extremely good and faithful.

Thank you everyone for your prayers and your support i wish I could be there celebrating with you guys. You can pray for all of us to get granted passports so we can fellowship with you one day soon.
