Hope For New York

If Albany politicians have their way, our state will use your tax dollars to pay for out-of-state abortions, enshrine late-term abortion in the state constitution, socialize medicine, legalize assisted suicide, and mandate sex-ed in schools.

And that's just the start of what they have planned.

We know; good news out of Albany has been in short supply for some time.

But I believe that's why you're here — for a spark of hope. We know it's important to you that we're bringing a Christian voice (and some sanity!) to the New York State Legislature. We all need to know that we're not alone. We're not alone in believing that life is deserving of protection, that parental rights should be defended, and that the innocence of children should be guarded.

We've been in Albany for over 40 years, building relationships and bringing truth to the halls of power. We go deeper than legislation, though. We faithfully care about the people running our government and those making key decisions. For example, we host a weekly legislative Bible Study where members from both sides of the aisle come together, examine Scripture, and share their burdens.

Keep Our Voice In the Statehouse!

What's the good news?

Death won't be the last word in our state. We're fighting this year to hold our ground against assisted suicide. The tide can turn. Recently, the Alzheimer's Association reversed its partnership with a pro-assisted suicide group, acknowledging that it had "failed to do appropriate due diligence," and affirming that it supports "the highest quality of end-of-life care" for its constituency. That's heartening news.

Also, more parents than ever before are open to (and some are even begging for!) school choice. In fact, 79% of New York K-12 parents favor Education Savings Accounts. Between the pandemic-induced learning losses and the spotlight shown on explicit or divisive curriculum, parents in our state are waking up.

Bottom line — the light we're bringing to Albany isn't going anywhere, but we need *you* to **partner** with us.

Please Support Our Work.

It's our partners, through prayer and giving, who have kept our ministry in action for the last 40+ years.

Our success lies in our consistency, relationships with lawmakers, prayer, and faithfulness in speaking the truth. That's why our motto is, "influencing legislation *and* legislators for the Lord Jesus Christ." We're planting and watering, and we believe God will give the increase.

Would you consider partnering with us financially? You can choose a **one-time gift** or a **monthly** relationship. Consider your tax-deductible

gift an investment in bringing the Christian voice to Albany *today* and sowing seeds that will bear fruit *tomorrow*.

Thank you in advance for your prayer and support.

In His Service,

Jason J. McGuire

President

New Yorker's Family Research Foundation

P.S. We've made your tax-deductible giving secure, simple, and quick online! Find our online giving platform [here](#). Every dollar matters. Thank you.
