Subject: Remedy Update

Remedy, here we come!

We made it through another Remedy! In total, we had about 60 people in attendance, which is just a few short of what we were at before covid hit. It's exciting to be growing again! As I said in my last message, we had 6 non-Christians attend the retreat. One of them decided to give their life to Jesus, one said he is going to begin coming to Campus One80 events on campus because he felt accepted and cared for and wants to know more, and another one is starting to dig into Christianity at a deeper level and is talking to his

family about it. In addition, we had two baptisms at Remedy! Lastly, two MCC students who are transferring to RIT are coming on staff with us with the hopes of planting a ministry on their new campus. It was a pretty great retreat overall. Thanks for your prayers!
