Hi friends,

Summer has just flown by, I feel like I haven't had time to appreciate the warm weather. Our friends our using our yard and have planted a garden and it's wonderful to see all the green plants springing up from the ground. I love this time of year.

I am about to head off to Kalmykia (a region of Russia) to help at a summer camp for the next 9 days. I traveled there this past spring with my friend Natasha and we also helped at a day camp at that time, and now I'll be returning to familiar faces and reuniting with friends that I made in March. The team is very intentional about reaching the kids, teaching them the Bible and life skills, and giving them hope in a dark world.

- Please pray for our time there, that God will use Natasha and I to be a blessing to the kids, and that they will also be an encouragement to our hearts.
- Pray for the work of the Spirit in the hearts of the kids that the roots of faith will go even deeper and they will experience more and more the love of Christ.
- Pray for strength (it's extremely hot there), wisdom and safety for all.

Thank you for your support and prayers. When I get back, I hope to send out a more detailed letter of what happened at camp and over these past few months.

in Him,  
Janette
