

February 20, 2024

Dear Faithful Prayer Partners and Supporters:

It is with great joy that I write you of the Lord's blessings these days.

January was a very busy month. We started the year with two weeks of special meetings on the God Centered Family with the Danilo Family from São Paulo Brazil, as our special speakers. The Danilo's are very gifted in music and our hearts were blessed with lots of good music. Pastor Danilo is seeking the Lord's will about future ministry and our church has extended them a call so pray that they will have clear guidance as to God's will.

I then traveled to Nobres and began to pack and organize my move back to Sinop because Pastor Robson Dias Rosa will be assuming the leadership of the church there the end of this month. Praise the Lord for this wonderful answer to prayer. On January 29th, with the Corolla packed to the brim, I headed back to Sinop and made the bulk of my move.

This month I have concentrated on getting reorganized here in Sinop and preparing for Family Camp which was held during the Mardi gras holidays. This year's camp was a great blessing with some 300 people taking part from various different regions of Brazil. The camp was also blessed with a group from the U.S. and Pastor Jacob Langdon from Pennsylvania was the special speaker. Sinop has always had difficulty taking part because of the distance but this year we had 16 there and they returned thrilled with the blessed fellowship they enjoyed. Two souls trusted Christ as Savior and many made important decisions in their lives.

On last Sunday Feb. 18th we had two ladies trust Christ in our services, Praise the Lord. God is blessing, and it is always encouraging to see fruit.

In the way of prayer requests, Pray for pastor Robson's move to Nobres the end of this month.

Pray also for my trip to BIMI Field Conference in Eastern Brazil, March 18-22. This is such an important time to recharge our spiritual batteries and encourage each other in the work of the Lord.

Thank you for praying for my granddaughter Yvette. She is doing well and we praise the Lord that there have been no new developments.

Pray for me for direction in the work now that my focus is primarily in Sinop as I look for a pastor for this church and continue to train our young men in the ministry of the Word.

Thank you and do pray for me!

In The Service of the King,
